Discussions focused on the 'Future of Digital Literacy' and how Infosys Springboard is pioneering the way in this area to ensure social talent is equipped from education to employment.

With their special admission QR tickets, the college students were eager to see the Infosys campus when they arrived. Every participant who registered was given an ID card that allowed them to access Infosys' expansive green campus. Several audiovisual rooms were set aside by the organizers to accommodate the enormous number of attendees from various parts of the state.
