

FGL SCHOLARSHIP

A unique program of Maharani Lakshmi Ammanni College for Women (MLAC) is the First Generation Learners Scholarship, which is intended to assist students who are the first in their family to pursue higher education. This scholarship aims to empower young women from underprivileged backgrounds by providing financial assistance, encouraging academic excellence, and promoting social mobility.

The student with the highest CGPA in the FGL program is also given the FGL Gold Medal by the mLAC trustee, which honours exceptional accomplishment among FGL students. This esteemed honour encourages FGL scholars to pursue academic success while growing as leaders and making constructive contributions to society.
